

UVC Sanitizer and Deodorizer

Paraclipse®

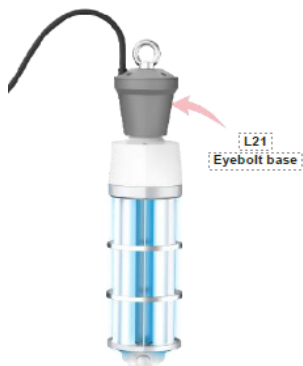

Bacteria and viruses are lurking everywhere in our daily lives, in the air and on the surface of objects. The risk of infection increases as the number of so many people come into contact or touch these areas. Irradiating with UVC can reduce this risk of infection. UV lamps are designed to emit UVC radiation at 185 nm produce ozone which is a natural sanitizer and deodorizer and can inactivate harmful airborne microbes without direct exposure.

Features:

- * Wireless Control
- * Quartz tube
- * Non-toxic
- * Microwave and PIR Sensor Built-in
- * Ozone-free UV
- * Effectively kills 99.99% mites
- * Effectively kills parasites
- * Effectively kills virus
- * Ceiling Mount or Wall Mount

Designed For:
Commercial Kitchens | Supermarkets
Food Processing Plants | Warehouses
Food Preparation Areas | Bakeries
Hospitals | Poultry & Egg Farm
Manufacturing Plants | Livestock
Facilities Veterinary Clinics | Horse & Dairy
Barns

- * 3D sensor detection: 1 Microwave + 3 PIR sensors, automatically turn off when unintended entry detected.
- * Great for schools and daycares!
- * Comes with tripod
